* than honey, agave- and maple syrup*

WITH OLIGOFRUCTOSE DERIVED FROM CHICORY ROOTS

www.sweetiva.com

Product benefits of Sweetiva Syrup:

- ✓ Oligofructose – a natural fibre derived from the chicory root
- ✓ very high dietary fibre content of approx. 63%
- ✓ supports the natural digestion (contributes to regular laxation)
- ✓ natural, mild sweetness
- ✓ tastes like sugar
- ✓ ideal sugar substitute
- ✓ low glycaemic index
- ✓ reduced calorie intake
- ✓ gluten free
- ✓ free from milk protein
- ✓ ideal for baking and cooking, due to its full volume
- ✓ quickly dissolves in beverages
- ✓ full flavour sugar/fat substitute
- ✓ high flavour intensity in meals
- ✓ diverse applicability for sweetening

Sweetiva Syrup products are offered in three squeeze bottles, which facilitate dispensing the ideal dose.

Ideal

for cooking and baking due to its full volume like sugar!
